²Pangolin, Aardvark and Xenarthran Taxon Advisory Group (PAX TAG), San Antonio, TX 78212

1. Thin, watery

2. Formless, runny, cow-pie

3. Formless patty, not runny

4. Formed, mushy

5. Formed, firm

- This scale is for use in scoring the fecal consistency of giant anteaters (*Myrmecophaga tridactyla*).
- At the moment, there is not enough information to declare any of these an “optimal” score. The scale, therefore, is for tracking purposes only.
- Scores of 2 and 3 seem to be the most common in US institutions at this time.
